A CONTEMPORARY STAR

This fall, the internationally renowned photographer and artist Bastiaan Woudt has emerged as a contemporary star in Stockholm. His works can be seen this autumn and winter at two significant locations: the chic new Hotel Dahlia, Tegnérlunden 8, and WILLAS contemporary – IVAR, Tändstickspalatset, Västra Trädgårdsgatan 15. WILLAS contemporary, known for bringing bold and visionary artists to Scandinavia, presents this show as part of its ongoing mission to push the boundaries of contemporary art.

– What I appreciate about Bastiaan Woudt's work is his contemporary twist on classic photography,* says Ellen K. Willas, the gallerist from WILLAS contemporary. We are excited to bring his work here, as it aligns with our vision of offering collectors and viewers a unique experience that blends classic and modern elements.

The Dutch artist has developed a distinct signature style. Drawing inspiration from classic black-and-white photographs by 20th-century masters like Irving Penn and Richard Avedon, he aims to capture the quality of analogue photography through digital means.

Den internationellt uppmärksammade fotokonstnären Bastiaan Woudt har i höst seglat upp som en stjärna i Stockholm. I höst och vinter ser vi hans bilder på nya Hotel Dahlia, Tegnérlunden 8 och fotokonstgalleriet Willa contemporary – IVAR, Tändstickspalatset, Västra Trädgårdsgatan 15.

– Det jag uppskattar med Bastiaan Woudts bilder är hans moderna twist på klassisk fotografi, säger galleristen Ellen K. Willas från Willas contemporary som har tagit hans verk till Sverige.

Den nederländska konstnären har utvecklat en tydlig stil. Genom att hämta inspiration från klassiska svartvita fotografier av 1900-talsmästarna Irving Penn och Richard Avedon, strävar han efter att fånga den analoga fotografins kvalitet med digitala medel.
